

PIGEONS IN THE MARKET. The Erie Railroad brought to our markets yesterday seven tons of wild pigeons. Since the pigeon season commenced, probably not less than seventy-five tons have found their way to this city, principally from the counties of Steuben and Allegany. [N. Y. Post, 2dth.]

The Secretaries of war and Navy have directed that suitable juries be paid to the memory of General Brady and Commodore Barron.

Rope ENOUGH.—At a late discussion in South Carolina, one of the toasts drank was this:—"A rope to every northern abolitionist." A Kentucky editor proposes to amend, by attaching a southern abolitionist to the other end of the rope; and he thinks Kentucky will furnish gratis all the hemp necessary for the whole operation.

BOATS.—Some of the Georgia adventurers in the Cuban Invasion have arrived at Washington, on their way North. They state that the expedition was on foot, and would not be easily frustrated. The frigate Susquehanna is ordered to check the invasion.

BOOKS AND STATIONERY.—The new fashion for ladies' dresses is being introduced into Syracuse, says the Standard of Tuesday. Several ladies appeared in the streets on Monday with dresses of a very laconic pattern, and pantaloons *à la Turk*. The new style looks decidedly tidy and neat, and imparts to the wearer quite a sprightly and youthful appearance. Syracuse is a great town.

ALBANY. April 26.—Gov. Hunt has issued a proclamation offering a reward of \$300 for the apprehension of Edward Welch, Michael Sullivan, Cornelius Shahan and Patrick Cooney, charged with having killed William Clements, a constable of Clifton Park Co.

HOLD HIM.—An editor out west acknowledges the receipt of an heir, and a boy at that. Somebody hold him—the editor, not the baby. Hear how he sputters:

I am this day married by two—I am a duplicate—I am number one of an indefinite series, and there is my continuation! And you observe it is not a black, nor a blockhead, nor a painting nor a bust, nor a fragment of any thing however beautiful; but a combination of all the arts and sciences in one—painting, sculpture, music—hear, hear him cry! Mineralogy, mechanics—see him kick!—geography and the use of the globe! see him mumble and wail he is a perpetual motion—a time piece that will never run down! And who would him up?

"Hale," said a brother Senator, Representative of New Hampshire, "do you know what Cass says of you?" "No." "He says that you are a Grannie goat." Just tell the General, for we will you, that he is a Michigan goat."

The Missionary clerks of the Moravians write to their flock that they are making many converts in France, Italy and Switzerland.

The entire length of finished railroads in the United States, is estimated at ten thousand six hundred and eighty miles.

The New York Democratic State Committee have called a State Convention to meet at Syracuse on the 10th day of September, to nominate State officers.

INTERMARRIAGE.—The Superintendent of the Hospital for the Insane at Indianapolis, in a late report upon the condition of the institution, expresses the opinion, from his own observation that the intermarriage of relatives is a cause of degeneracy of mind and body, and tends directly to insanity. His opinion is generally held by all who have investigated the subject. The Superintendent also states in his report, that during the past year, more than one member of the same family have become insane. There are in the hospital at this time two sisters from one family, and a brother and a sister from another. Also as rarely the case, a husband and a wife in the institution as patients—but neither of the last-mentioned cases suffer from hereditary taint.

Robert B. Rhett, whose son has been a member of the present Senate class at Harvard University, has removed his son from College, on account of the anti-slavery agitation in Massachusetts. A Boston paper says "the College Faculty have voted as a special favor that a degree shall be granted to the young man. Northern boys could not get a degree, without remaining till Fall Term, or offering some good reason for their departure."

The Manchester, N. H., Mirror says that one half the spindles in the Cotton manufactures of that city are idle, and that it cannot speak, with any degree of certainty, as to the probable time when business in this department will be resumed, to the full extent of the capacities of the machinery now in the various manufactures. According to our best information, operations will not be resumed in full this season.
